

Website Hosting Service

The standard website hosting service offered by The Web Company is housed in the most sophisticated shared web hosting data centre in Australia. The management of all aspects of your hosting is taken care of by our highly trained friendly staff.

Features include:-

- 24x7 network monitoring
- 99.9% uptime
- 24/7 Access
- Scripting support (ASP, PHP, ASPX)
- Website statistics service
- Database support (MySQL, MS Access)

Microsoft SQL database server access is also available via these hosting packages. Please ask for pricing on this product if required.

Pricing

Description	Disk space ²	Data xfer per month ¹	Quarterly Fee
Entry	10 MB	500 MB	\$49.50
Business	50 MB	2 GB	\$105.00
Premium	100 MB	5 GB	\$135.00
